

Automated System Use Consent

The Federal Communications Commission requires Polson School District to obtain your consent to send outreach messages to you via our automated system SwiftReach. Outreach messages can include information about schedule changes, school events, parent reminders, canceled activities, and other non-emergency messages.

The District wants to keep you informed in multiple ways. Our system allows us to send messages to you through different mediums - phone calls, texts, emails - regarding important school information. To ensure we are able to do this, please fill out this form. You have the right to not consent to receiving messages from our system - **you will still continue to receive emergency calls even if you do not consent.** You can also revoke your consent to receive messages from our system at any time by contacting the school office.
